Evo

Character born from tradition.

Evo has been designed with the appearance of hand-thrown pottery. The variance in colour makes every piece unique. Its homely charm brings a touch of warmth to any tabletop.

Although it may look hand-crafted, Evo is supremely practical. The range includes flatware and holloware as well as a selection of bowls perfect for sharing menus and bowl food. Whatever your particular service requirements, items can be mixed and matched to suit your menu.

We are proud of our family heritage and the fact that Evo is made in the Dudson factory in Stoke-on-Trent.

We have invested more than 200 years of accumulated knowledge and expertise into our products, so you can trust the quality of the Evo range.

Your peace of mind. As part of our Finest Vitrified Tableware ranges, all items are covered by the Dudson Lifetime Edge Chip Warranty. (Ts & Cs apply.)*

* For full details and Ts & Cs, please see our current price list, call us or visit our website.

At home in any setting.

Evo's unlimited appeal lies in its ability to look at home in any surroundings, whatever the style of interior. Its unpretentious style sits perfectly in any dining room from a traditional pub to a Michelin starred restaurant.

With Evo, it is all about complementing the food. Put food on it and it immediately springs to life. The style of menu doesn't matter, the charm of Evo is that it is able to showcase any dish.

Choose from colours inspired by Nature - Sand, Pearl, Jet and Granite are available across the complete item range. Bronze is a new decoration created using a crystalline glaze. The glaze responds differently to firing every single time, creating unique effects on each piece. Or why not add a touch of sophistication with Ice? A contemporary blue taken from a muted Scandinavian palette, which is available on a selected number of items.

Practical in use.

Evo is exactly what today's chefs are looking for to present their menus. And, it is tough! Tough enough to withstand the demanding conditions of a professional kitchen. It goes without saying that every item is industrial dishwasher and microwave safe. And, for your peace of mind, every piece of Evo is covered by the Dudson Lifetime Edge Chip Warranty.*
